After resting a little and recovering energy, we will leave the lodge for a moment and go to the Laguna Grande, where we can witness a beautiful sunset, we will return to the Lodge to enjoy dinner, so we would end our first day in the jungle, relaxing in a hammock or having a drink at the bar.

DAY 2:
We start the day with a rich breakfast and then a walk for approximately 3 to 4 hours through the primary forest, the guide will explain about a tropical forest, and medicinal plants; in addition, during this activity we can observe large trees such as ceibo or small insects such as ants.

DAY 3:
After breakfast, we leave in a canoe downstream in a journey of approximately one hour to visit a family of the Tarapuy community where we will be involved in the preparation of a traditional cassava bread known in the area as Casabe. In addition, during the process we can learn to use the materials and utensils of the jungle to make bread, in this activity we will occupy the whole day, returning to the Lodge at approximately two in the afternoon.

After enjoying lunch, we can relax and rest; to end the day we will have a short walk through the primary forest focused on observing nocturnal insects, such as spiders, gekos or scorpions, and listening to the sounds of the night.
